

Multidimensional optical multiplexing Webinars Details

Department of Electronics and Communication Engineering, Malaviya National Institute of Technology, Jaipur organizing a Webinar on " Multidimensional optical multiplexing ", in association with SPIE Student chapter, MNIT Jaipur and IEEE Photonics Society Student Chapter, MNIT Jaipur on **4 February, 2021** from 04:00 PM to 05:00 PM through GOOGLE MEET.

E-certificate: All registered participants will be eligible to get e-certificate after joining the complete session and submitting the feedback form. Feedback link will be provided at the end of the webinar treated as attendance.

Speaker: Prof. Gabriella Cincotti, Engineering Department, University Roma Tre, Rome Italy

About Speaker:

Prof. Gabriella Cincotti is a Full Professor at the Engineering Department, University Roma Tre, Rome Italy; she leads the Photonics Research Group and is in charge of the courses of Photonics and Biophotonics. She is a Fellow of the Optical Society of America (OSA), she was an elected member of the Board of Governors of the IEEE Photonics Society (2017-2019) and currently she is serving in the IEEE Photonics Publications Council. She was a technical program committee (TPC) member of the European Conference on Optical Communications (ECOC) (2010-2012), also serving as Chair of the Access Subcommittee. She was also a TPC member of the Optical Fiber Communication Conference (OFC) (2016-2018). She served as an Associate Editor of Optics Letters (2008-2014) and she serves as Deputy Editor of Optica since 2017. She has authored or co-authored over 300 research papers in leading journals and conferences. Her main research interests are in the field of planar light wave circuits, photonic devices and subsystems for high-speed optical signal processing. Recently, she moved part of her research interests toward super resolution imaging and point of care testing for biomedical and microbiological applications.
